Free China Labor Wages Guerrilla War Against Communist Slavery and Terror

Washington—AFL-Chinese-shielded guerrilla war against the Communist forces of the Free China Labor League is being waged successfully. The guerrilla war is being waged by the Communist workers of the Free China Labor League.

Mr. Lin Ching-shih told Mr. Green that his address was broadcast in China's workers. He hoped that it would serve to show the workers of the world that free workers in China are still struggling against heavy odds for the preservation of freedom and democracy in the region of the Far East.

Ordinarily, millions of our countrymen in the Chinese mainland have been killed, with pump and mortar, by the guerrilla forces of the Free China Labor League.
